### Cottage 1 fully renovated

In early May last year, we ripped open the floor of the living room and kitchen in Cottage 1 and finally saw that the uneven floor was caused by the inappropriately installed floor beams. We levelled the beams and installed new vinyl flooring.

We took the opportunity and renovated the entire cottage: new baseboard heaters in all rooms, a new mirror in the bathroom, a new smart TV, and a new front door jamb and frame.

### Everyone loves Weber BBQ

If you love steak or enjoy BBQ in general, you will be pleased to know that most of our cottages will be equipped with Weber BBQ at the beginning of 2020 season.

We love to grill with Weber BBQ and believe Weber is definitely the best for your triple AAA Angus beef steak.

### Cottage 6 has 4 air conditioners

Everyone enjoys hot summer weather. We also like to have cold rooms in those extremely hot days and nights. All our cottages are equipped with powerful air conditioners that can keep all rooms cool and comfortable. For Cottage 6, we have installed four air conditioners, one for each room.

### Look forward to seeing you in 2020

We thank you who came back and spent time with us last year. We enjoyed the drinks, laughs, talks, fishing and pot-luck. We were pleased to make so many new friends as well. We hope to see you in 2020.

When sending this newsletter to you, we will send along a confirmation of your booking if you booked your vacation in 2019 or in the last couple of months. Let us know that the booking is accurate and up to date.

If you like to book for the 2020 season, please give us a call or send us an email. We look forward to seeing you again if you stayed with us in the past. If we have not met yet, we will welcome you with our open arms.

Our very best wishes to all.

*Your hosts: Wendy and Henry*
